Dear Grower,

AWB is committed to continually improving the information we provide to you regarding your grain deliveries. With this in mind we are making several enhancements to our grain paperwork for the 2005/06 season.

These changes include new layouts for some documents and additional information requested by growers on others. We trust that you will find the revised paperwork more informative and easier to use.

This brochure outlines the major changes we have made. Should you require further details please contact the AWB Grower Service Centre on 1800 054 433

Yours sincerely
