

Grower Declaration for Canola

This form is to be completed by the supplier/grower and presented when each **individual** load is delivered to Cargill's Footscray and Newcastle oilseed crushing plants. This applies to deliveries made by growers direct to plant or ex-farm contracts.

If no declaration is received the truck will not be unloaded.

This declaration must be signed by the grower. The grower's agent is not acceptable.

This declaration must be given to the truck driver at the time of loading. The truck driver will then present it to the Cargill Weighbridge Operator to allow the truck to unload without delay.
